9 NEW CLAIMS

10 (NEW CLAIM) 38. I claim a game for at least one player comprising the steps of:

11 a) preparing at least one first deck of cards representing the possible outcomes from a
12 dice means for determining a random number between a predetermined minimum and a
13 predetermined maximum;

14 b) providing at least one first wager location for accepting a wager on at least one
15 statistical event associated with the random generation of dice rolls according to a set of rules
16 based on statistical odds;

17 c) accepting at least one wager on the at least one first wager location;

18 d) selecting at least one first card at random using an electromechanical playing card
19 handling apparatus for randomly shuffling and dealing the at least one of said cards;

20 e) displaying the at least one first card;

21 f) satisfying wagers if the at least one first card matches the at least one statistical event.

22 (New Claim) 39. The game of claim 2 further comprises the step of preparing at least one second
23 deck of cards representing the outcome from a dice means for determining a random number

1 between a predetermined minimum and a predetermined maximum and wherein the step of
2 selecting at least one first card at random further comprises selecting at least one second card at
3 random using an electromechanical playing card handling apparatus for randomly shuffling and
4 dealing the at least one second card and wherein the step of displaying further comprises the step
5 of displaying the at least one second card and wherein the step of satisfying wagers comprises the
6 step of viewing the at least one first card and at least one second card together to determine if the
7 at least one statistical event has occurred.

8 (NEW CLAIM) 40. The game of claim 39 wherein at least one statistical event is determined
9 from the statistical events utilized in playing a game from the group comprised of 1) a
10 traditional craps game, 2) a Four The Money game, 3) a high roller of the month game, 4) a high
11 low craps, and 5) a roulette game.

B1 12 (NEW CLAIM) 41. The game of claim 40 wherein the first set of cards and second set of cards
13 represent the possible outcomes with a first and second dice having 6 sides.

14 (NEW CLAIM) 42. The game of claim 38 further comprising at least one special card which
15 represents an object other than a number between the predetermined minimum and
16 predetermined maximum and wherein the display of the special card provides a bonus to the
17 wager.

18 (NEW CLAIM) 43. The game of claim 42 wherein the bonus is from the group consisting of (1)
19 allowing the player to pick any number from at least one number between the predetermined
20 minimum and predetermined maximum for the value of the special card, (2) providing a multiple
21 payout on wagers, (3) providing a special payout not related to a wager on the occurrence of the
22 special card, (4) providing a special payout related to a wager on the occurrence of the special
23 card, (5) triggering an event to select an additional play, and (6) triggering an event to randomly

1 select an additional amount.

2 (NEW CLAIM) 44. The game of claim 43 wherein the special card also bears a number between
3 the predetermined minimum and pre-determined maximum.

4 (NEW CLAIM) 45. The game of claim 38 wherein the step of selecting further comprises the
5 step of selecting at least one first first card and at least one second first card and wherein the step
6 of displaying further comprises a) preparing a table with a plurality of card locations for
7 receiving at least one first first card and at least one second first card;

8 b) dealing to the plurality of card locations;

9 c) allowing the at least one player to select at least one of the plurality of spaces;

B1 10 d) displaying the card in the at least one space selected by the at least one player.

11 (NEW CLAIM) 46. The method of claim 45 further comprising the step of allowing the at least
12 one player to select at least two of the plurality of spaces.

13 (NEW CLAIM) 47. The game of claim 39 wherein the step of viewing further comprises the step
14 of adding the at least one first card and at least one second card to determine the resulting total.

15 (NEW CLAIM) 48. The method of claim 38 further comprising repeating steps b through f until
16 a predetermined target number is generated as the statistical event.

17 (NEW CLAIM) 49. The method of claim 39 wherein the step of selecting comprises selecting a
18 first card from the first set of cards and a second card from the second set of cards.

19 (NEW CLAIM) 50. The method of claim 38 further comprising the steps of (1) marking the
20 value of the at least one first card with an electronically readable value, (2) electronically
